#### Securing Learning Success: Improving Student Outcomes Series, Volume One

Gavin Grift • 9781760560256

More than any other time in education, schools are being asked to address the challenges of ensuring we leave no students behind in their pursuit for success - regardless of their background, previous achievements and dispositions. Sometimes the challenge in seeking resource support in schools is not a shortage of information but knowing which information is most relevant to their school improvement efforts. Securing Learning Success looks closely at some of the important factors leaders and teachers require to put learning first. Chapter extracts from leading international and Australian authors have been compiled to provide practical strategies for teams in their pursuit of securing learning success.

#### Teachers as Architects of Learning

Gavin Grift, Clare Major • 9781743308806

The core business for every school, teacher and student is learning, and any discussion outside of this is simply a distraction. Teachers as Architects of Learning provides the reader with the chance to become an architect for successful learning by introducing platforms to support the construction of a successful learning experience.

The book encourages educators to raise their consciousness of how they can best support learning within the context in which they work, regardless of the level or subject that they teach. It takes key educational learning theory and synthesises it for the formulation of research-based teaching considerations and explicit strategies. Teachers looking to improve their planning and practice will find this book a great way to move from understanding to action.

#### Collaborative Teams That Transform Schools: The Next Step in PLCs

Laurel Hecker, Janelle Wills, Jan Hoegh, Phil Warrick,  
Robert Marzano, Tammy Heflebower, Gavin Grift  
• 9781760017484

Collaborative Teams That Transform Schools: The Next Step in PLCs is groundbreaking. It offers

F-12 teachers and school leaders a practical, comprehensive model for building successful professional learning communities (PLCs). Authors Robert J. Marzano, Tammy Heflebower, Jan K. Hoegh, Phil Warrick and Gavin Grift, with contributors Laurel Hecker and Janelle Wills, draw from extensive research and experience to present a clear and compelling look at the future of PLCs. Beginning with essential theory, the authors then detail the practical steps that collaborative teams can take to transform their schools. If you are an educator in the process of developing your school as a PLC, this book is an invaluable resource.

### Assessing the Whole Child

Gavin Grift, Jane Satchwell • 9781741700428

A step-by-step approach is used to understand the context, develop the content and celebrate the results of the use of portfolios and their integral role within powerful student-led conferences. The underlying principle of this process is the use of metacognition in the classroom, which enables students to

take genuine responsibility for their learning.

### Power Standards

Larry Ainsworth • 9780970945549

Power Standards is a step-by-step, practical manual that explains how educators can distinguish the Power Standards – standards absolutely essential for student success – from those that are “nice to know”. Standards have become a critical focus for schools and, in striving to cover everything, educators admit to teaching many standards only superficially. In addition, educators often consider all standards equal, when in fact certain standards are more important than others.
