APPEARING AT

MELBOURNE CONFERENCE 20–22 May

MELBOURNE

All sessions for this conference are 2 hours in length

SUNDAY 22 MAY 2016

SESSION 1: 8.30AM - 10.30AM

Change: From 'behaviour management' to 'supporting students to manage their own behaviour'

The role of teachers is not to 'manage student's behaviour' but for students to manage their own behaviours. Supporting emotional, social and behavioural development enables students to effectively engage in their learning and enhances their motivation to reach their full potential.

SESSION 3: 2.00PM - 4.00PM

Building a Friendly School Culture: Enhancing social and emotional capability

Learn highly effective strategies to improve students' social and emotional competencies and directly reduce bullying. These interactive, student-centred learning activities have been researched with over 20 000 students in Australian schools and are directly linked to the Australian Curriculum's personal and social capabilities. Included are strategies to reduce cyber bullying and other inappropriate online behaviours.
