BRIGANCE®

CIBS-II

Help your special education students succeed

- Determine Present Level of Performance or Academic Achievement and Functional Performance (PLOP/PLAAFP)
- Assess for effective diagnosis and instructional planning
- Monitor and report progress for IEPs

The BRIGANCE Comprehensive Inventory of Basic Skills (CIBS) II is a comprehensive collection of valid, reliable and well-researched reading, English and Maths assessments for students with special needs in years P-9. The CIBS-II consists of two content-specific volumes - CIBS-II Reading/English and CIBS-II Mathematics - offering a complete range of information on students’ academic skill levels, as demonstrated under real-life, everyday conditions.

Teachers can identify a sequence of objectives for planning level-appropriate instruction, for writing IEPs and for individualising ongoing assessment and progress monitoring. CIBS-II Reading/English includes reading and writing assessments for years P-9 as well as Year-Level Placement tests for years 1-9. The assessments in the Readiness section can be used to determine school readiness and to measure progress throughout the first critical years. The Inventory’s key skill areas correlate to commonly tested skills and strategies that reflect common teaching practices.

A new addition to the Australian version, Appendix C, includes information on how these assessments can correlate with the Australian curriculum. Teachers’ own curriculum guidelines should take precedence and determine at which point they administer each assessment.
BRIGANCE® Comprehensive Inventory of Basic Skills II (CIBS-II) is a comprehensive assessment tool that meets common standards and is normed on a nationally-representative U.S. sample.

- Determine PLOP/PLAAFP
- Assess for effective diagnosis and instructional planning
- Develop goals and objectives for IEPs and monitor progress
- Track student progress with the Online Management System
- Support alternate assessment needs

CIBS-II Reading/English and Maths Inventories

Makes assessment fast and reliable

BRIGANCE CIBS-II Reading and English Inventory includes reading and writing assessments that correlate to commonly-tested reading and English skills and strategies.

- Speech
- Listening vocabulary comprehension
- Listening comprehension
- Word recognition
- Reading vocabulary comprehension
- Reading comprehension
- Word analysis
- Functional word recognition
- Spelling
- Oral reading

The Inventory includes assessments of higher-level thinking strategies and writing to prompts. The reading comprehension sub-section contains longer passages for fluency – one for each reading level (F–8), allowing for year-level placement. Each passage is followed by questions on these higher-level thinking strategies:

- Facts/Details
