

PAIRED PASSAGES & DIFFERENTIATED NON-FICTION

PAIRED PASSAGES: Linking Fact to Fiction

Help students develop and practise the skills they need to compare and contrast fiction and nonfiction passages. There are 25 units in Paired Passages: Linking Fact to Fiction. Each individual unit contains two high-interest passages. The first passage is nonfiction. The second is fiction. Each passage is written at year level with appropriate vocabulary and sentence structure. The passages are tied together with a common theme. After each of the 25 pairs of passages, students are asked both multiple-choice and open-ended questions. Students will know how to find and use information from two given passages to answer the questions. They will also be able to record their reasoned response in the written form.

DIFFERENTIATED NONFICTION READING

Here's a way to teach the same year-level content to students with varying reading skills! The same information is written at three different levels: below year level, at year level and above year level. All the students in your class can read the passage and have the information they need to respond to the same six questions that evaluate their comprehension of the subject matter. Each book contains curriculum topics for science, geography, history and English. The reading levels of the passages are calculated according to the Flesch-Kincaid Readability Formula.
