

# SCIENCE

## Picture Books for First-Time Readers (AA)

Sight words are aimed at early readers and cover **Science** themes on a range of familiar topics.

Works on all whiteboards, Macs, PCs, laptops and Android tablets!

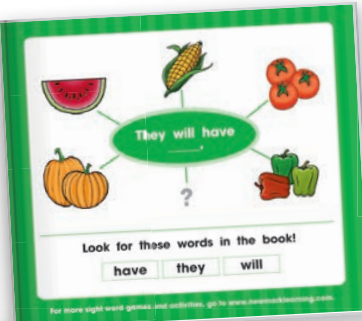

### Levelling Chart

#### AA Foundation Readers

- picture support for all academic vocabulary
- no sentences with line breaks
- one language structure per book

#### Sight Word Readers

Steadily increasing complexity is recommended by the **AUSTRALIAN CURRICULUM**

The software contains the e-reader with narration, allowing the students to read along, or the teacher to highlight a sentence or a word to play back. At the completion of the story are activities that reinforce what the students have just learned.
