Hawker Brownlow Professional Learning Solutions

The Art & Science of Teaching Institutes

May/June 2014

Adelaide • Sydney • Perth
Canberra • Brisbane • Darwin

Facilitated by: Dr Janelle Wills, Dr Phil Warrick & Jan Hoegh

Great teachers are made, not born.

Even small improvements in teacher effectiveness can impact student achievement.

Based on Dr Robert J. Marzano's best-selling book *The Art & Science of Teaching*, this interactive, engaging workshop introduces and explains the instructional framework from *The Art & Science of Teaching*. Participants learn the 10 design questions to ask when planning a unit of instruction, the 3 segments of each lesson to prepare, and the 41 elements of effective teaching to master, with specific attention to engagement.

Modelling, dialogue and activities show how and when to use different strategies. Schools and regions can put this comprehensive framework of effective teaching into place immediately or use the training to generate their own models. Each workshop will be customised to the context in which you work and the needs of the participants.

Outcomes:

- Acquire a common language of instruction.
- Master essential instructional routines such as providing clear learning goals and defining levels of proficiency.
- Acquire strategies for delivering new content, and practice them to deepen understanding.
- Discover the importance of applying knowledge by generating and testing hypotheses.
- Learn important teacher behaviours for engaging students and building strong relationships.
- Ensure high expectations for all students

Who Should Attend:

- ✓ Teachers
- ✓ Team Leaders
- ✓ Regional or System/Sector Leaders
- ✓ Assistant Principals
- ✓ Principals

**Come with a team...
Leave with a plan!**

ABOUT OUR PRESENTERS

Dr Janelle Wills

Dr Janelle Wills is the Director of The Marzano Institute Australia. Janelle is the lead training associate for High Reliability Schools, The Art and Science of Teaching and other Marzano topics. Personally trained by Dr Robert Marzano, Janelle specialises in long-term school improvement efforts. With over thirty years of teaching and leadership experience across the three sectors of schooling, Janelle has a strong commitment to continued learning enabling her to remain both informed and innovative in her approaches.

Dr Phil Warrick

Dr Phil Warrick, EdD, is associate vice president of Marzano Research Laboratory. He was an award-winning administrator for nearly 12 years, most recently as principal of Round Rock High School, which serves approximately 3000 students. Phil has been an adjunct professor of Peru State College since 2005. Dr Warrick is part of the Australian based Marzano Research Laboratory team working exclusively with Hawker Brownlow Professional Learning Solutions.

Jan Hoegh

Jan Hoegh is associate vice president of Marzano Research Laboratory in Colorado. She has been a classroom teacher, building-level leader, professional development specialist, high school principal, and curriculum coordinator during her 27 years in education. Jan also served as assistant director of statewide assessment for the Nebraska Department of Education, where her primary focus was Nebraska State Accountability test development.
