

MARZANO INSTITUTE

A U S T R A L I A

THE Art & Science Teaching^{OF} INSTITUTE

A Comprehensive Framework for Effective Instruction

BRISBANE - Monday 19 & Tuesday 20, January 2015

Great teachers are made, not born.

Even small improvements in teacher effectiveness can influence student achievement.

Based on Dr Robert J. Marzano's best-selling book *The Art & Science of Teaching*, this interactive, engaging workshop introduces and explains the instructional framework from *The Art & Science of Teaching*. Participants learn the 10 design questions to ask when planning a unit of instruction, the 3 segments of each lesson to prepare, and the 41 elements of effective teaching to master, with specific attention to engagement.

Modelling, dialogue and activities show how and when to use different strategies. Schools and regions can put this comprehensive framework of effective teaching into place immediately or use the training to generate their own models. Each workshop will be customised to the context in which you work and the needs of the participants.

Outcomes

- Acquire a common language of instruction.
- Master essential instructional routines such as providing clear learning goals and defining levels of proficiency.
- Acquire strategies for delivering new content, and practice them to deepen understanding.
- Discover the importance of applying knowledge by generating and testing hypotheses.
- Learn important teacher behaviours for engaging students and building strong relationships.
- Ensure high expectations for all students

Who Should Attend:

- ✓ Teachers
- ✓ Team Leaders
- ✓ Regional or System/Sector Leaders
- ✓ Assistant Principals
- ✓ Principals

Resource included in
your registration

Jan Hoegh

Jan K. Hoegh is associate vice president of Marzano Research Laboratory in Colorado. She has been a classroom teacher, building-level leader, professional development specialist, high school principal, and curriculum coordinator during her 27 years in education. Jan also served as assistant director of statewide assessment for the Nebraska Department of Education, where her primary focus was Nebraska State Accountability test development.

In 2005, Jan was invited to participate in the University of Nebraska Assessment and Leadership for Learning Cohort. An active member of several educational organisations, Jan was president of the Nebraska Association for Supervision and Curriculum Development. She is a member

of the National Association for Supervision and Curriculum Development and Nebraska Council of School Administrators. Her article "Behind the Scenes of Nebraska State Accountability" was published in Nebraska Council of School Administrators Today.

Jan has a bachelor of arts in elementary education and a master of arts in educational administration, both from the University of Nebraska Kearney. She also earned a specialization in assessment from the University of Nebraska-Lincoln.
