

Research-Based Methods of Reading Instruction, Grades K–3

Authors: Sharon Vaughn & Sylvia Linan-Thompson

Date Available:	12 March 2010
ISBN:	978b 1 74239 465 7
Code:	104134
RRP:	\$32.95
Format:	A4, 160 pages
Age Range:	Years P–3
Category:	Literacy
Subject:	Reading instruction

Summary:

Get your reading program on the right track using research-based teaching strategies from this helpful guide. Learn what you need to know about five essential elements of reading, why you should teach them, and how. A treasure chest of research-based instructional activities helps you: build students' phonemic awareness, teach phonics and word study, improve students' reading fluency, develop students' vocabulary acquisition skills and help students improve their reading comprehension. Charts, timelines and step-by-step guides help you implement these approaches in the most effective way. This book will expand your repertoire and help you put students on the road to literacy.
