Summary:

In *Principals Who Learn*, principals are encouraged to leave their comfort zone and pursue learning with their staff. They are encouraged to shift from being top-down, authoritarian leaders to becoming open collaborators and continual learners. The authors show principals how to:

- Learn to listen to all voices
- Turn 'bad guys' into allies
- Develop an open and collaborative culture
- Redesign staff meetings for more effectiveness
- Resolve conflicts and solve problems
- Turn mistakes into learning opportunities.

The scenarios and questions in this book will help both new and seasoned principals re-examine their leadership practices and look at their school from a new perspective, reinvigorate their work, and develop and adapt their skills to meet the ever-changing needs of the school.
