

Research-Based Methods of Reading Instruction for English Language Learners Grades K–4

Authors: Sylvia Linan-Thompson & Sharon Vaughn

Date Available:	30 November 2009
ISBN:	978 1 74239 467 1
Code:	108002
RRP:	\$35
Format:	A4
Age Range:	P–12
Category:	Professional Development
Subject:	English Language Learners

Summary:

This book explains how you can help the English language learners in your classroom master the most essential elements of literacy: phonemic awareness, phonics, word study, reading fluency, vocabulary acquisition and reading comprehension. Explore explicit teaching strategies for these skills and learn how to help students practise them through choral response, cooperative learning and other activities. Understand how to adjust your instructional language to provide a vocabulary scaffold and visual prompts for ELL students. Discover effective ways to monitor your students' progress through daily and periodic assessments. Included with these instructional practices are 60 fully developed, research-based classroom lessons.
