## Summary:

In *Align the Design: A Blueprint for School Improvement*, Nancy Moony and Ann Mausbach emphasise the importance of coordinating essential school improvement processes to increase staff capacity, improve student achievement and develop effective schools. They show school leaders how to

- Develop effective curriculum
- Make the most of the school's data
- Create successful school improvement plans
- Implement professional development sessions and workshops
- Use efficient supervisory techniques

Also including personal reflections and inspirations from the authors, *Align the Design* provides expert guidance and practical tools to help educators work more purposely together to create better schools for their students.
