Summary:

Renowned expert W. James Popham clarifies what formative assessment really is, why it's right for your school or classroom, and how to use this approach to improve teaching, learning, classroom climate, teacher professional development and school performance. Here's a book that finally explains just what formative assessment is and isn't.

Whether you're already using formative assessments, just considering them, or wondering why the ones you're using aren't working, this foundational guide gives you a clear pathway and steps to the best way to use formative assessment, and the practical ways you can reap its rewards: better teaching and better learning!
