

Instruction That Measures Up

Author: W. James Popham

Date Available:	14 August 2009
ISBN:	978 1 74239 287 5
Code:	108048
RRP:	\$35.95
Format:	A5
Age Range:	P-12
Category:	Professional Development
Subject:	Teaching – Curriculum

Summary:

Teaching in today's schools is different, and teachers have to know what to do to help their students come out as winners in a test-pressured environment. Here's a book that explains how to do that with a practical framework for teaching in the accountability age. W. James Popham calls on his half-century in the classroom to guide teachers through their most important instructional decisions. Along the way, he emphasises the ways in which assessment can and should influence instruction, advocates for a dash of curricular insurrection, and offers advice for maintaining both teaching excellence and teachers' sanity.
