

Understanding by Design Two-Book Set

Author(s): Grant Wiggins & Jay McTighe

Date Available:	10 November 2016
Code/SKU:	114050
RRP:	\$49.95
Format/Page	A4, 130 and 148 pages
No.:	
Year Level:	F–5, Teachers and Administrators
Focus Area:	Assessment, Curriculum
Key Learning Area:	Cross-curricular

Summary

This Understanding by Design Guide Set contains one copy of The Understanding by Design Guide to Creating High-Quality Units and one copy of The Understanding by Design Guide to Advanced Concepts in Creating and Reviewing Units.

In *The Understanding by Design Guide to Creating High-Quality Units*, Grant Wiggins and Jay McTighe share their insights and the practical tips that have helped thousands of educators design curriculum based on the Understanding by Design® (UbD) framework. It features a set of modules containing guiding worksheets and exercises that take you through the three-stage unit design process to

- Identify Transfer and Meaning-Making goals (Stage 1)
- Develop performance tasks to assess understanding (Stage 2)
- Use the A-M-T construct to create more focused and powerful lessons (Stage 3)

The Understanding by Design Guide to Advanced Concepts in Creating and Reviewing Units is designed to complement to the *High-Quality Units Guide* and is essential for taking your work to a higher plane and measuring the results of your efforts. This Guide features a set of modules containing worksheets, exercises, examples and assessments that take you through steps that are essential to building better units. Modules address such topics as unpacking standards, building high-quality rubrics, differentiating the learning plan and obtaining and using feedback.
