Summary

In this one-stop resource for middle years and secondary school teachers, Kristina J. Doubet and Jessica A. Hockett explore how to use differentiated instruction to help students be more successful learners – regardless of background, native language, learning preference, motivation or school savvy.

They explain how to

- create a healthy classroom community in which students' unique qualities and needs are as important as the ones they have in common
- translate curriculum into manageable and meaningful learning goals that are fit to be differentiated
- use pre-assessment and formative assessment to uncover students' learning needs and tailor tasks accordingly
- present students with avenues to take in, process and produce knowledge that appeal to their varied interests and learning profiles
- navigate roadblocks to implementing differentiation.

Each chapter provides a plethora of practical tools, templates and strategies for a variety of subject areas developed by and for real teachers. Whether you're new to differentiated instruction or looking to expand your repertoire of DI strategies, *Differentiation in Middle and High School* will show you classroom-tested ways to better engage students and help them succeed every day.
