Author(s): David Niguidula

Date Available: January 2019
ISBN: 978 1 76056 509 1
Code/SKU: 119026
RRP: \$37.95
Format/Page No.: B5, 206 pages
Year Level: Teachers and Administrators
Focus Area: Professional Development
Key Learning Area: Cross-Curricular, Technologies

Summary

In *Demonstrating Student Mastery with Digital Badges and Portfolios*, David Niguidula shows how students can meet standards and express their individuality through digital badges and portfolios. Building off an essential question – What do schools want their students to know and be able to do? – he then shows how schools can implement a proficiency-based approach to student learning that has been successfully field-tested in districts across the United States.

In manageable steps, readers are guided through the implementation process. Niguidula shows readers how to:

- connect standards to badges
- create portfolio-worthy tasks
- develop common rubrics and a common understanding of what work is considered “good enough”
- guide students in curating the elements of their portfolios
- promote authentic student reflection on their work.

Replete with real-life examples, this book is essential reading for principals who want to take their schools to the next level, and for teachers who want a refreshing and sensible approach to assessment.
