## **Summary:**

The *Basic Skills Quick Scoring Screen Package* identifies performance levels, sets instructional goals, reports progress and maintains a systematic, easily interpretable history of each child's assessments. The *Basic Skills Quick Scoring Screen Package* is an easy-to-use diagnostic tool comprised of the following components:

- The *Brigance Basic Skills Quick Scoring Screen* provides a quick assessment in key skills including reading comprehension and number recognition.
- The *Brigance Basic Skills Quick Scoring Screen Student Record Book (pack of 5)* provides an ongoing assessment history of the student, helping chart progress of known skills, instructional objectives and mastery of age-appropriate skills.
- The *CIBS-R Standardisation and Validation Manual* is an invaluable guide to the research behind the *Quick Scoring Screen*.
- The *CIBS-R Standardised Scoring Conversion Software* converts raw scores to quotients, percentiles, year level equivalents and instructional ranges, computes chronological ranges, computes chronological age, eliminates common conversion errors and password protects converted scores.
