Summary:

The *Classroom Instruction That Works* book comes to life in this engaging new production series focused on its use in elementary, middle and high school. Join Ceri Dean, coauthor of *Classroom Instruction That Works*, and a group of educators as they leverage elements from the *Classroom Instruction That Works* framework to transform their practice and their communities.

Through the video, you'll sit in on a planning session among Dean and the teachers and support personnel, watch how the lessons unfold with students – through success and challenge, and listen in as the team reflects on lessons learned. The *Classroom Instruction That Works* framework has helped countless schools and regions on their roads to academic success. Now you can see firsthand exactly how one region puts the framework to use!

This three-DVD set has everything a P-12 educator or school needs!
