Summary:

Under-Resourced Learners DVD: Build Relationships of Mutual Respect With Parents, Strategy 7 from the Under-Resourced Learners series, accompanies the book by the same title, and is a perfect fit for staff development, staff meetings or an in-house book study. Dr Payne discusses how to include all parents in the school's support system, regardless of their varying parenting style. Her recommendations for working with parents include: Creating communities of support for parents; building mutual respect with parents; setting parameters and boundaries of your campus; and working with both resourced and under-resourced parents. A "one-size-fits-all" approach never works. Use this DVD to get ideas for relating to parents as assets and allies in the education of their children – your students.
