## Summary:

*Under-Resourced Learners DVD: Develop Community Collaboration Models, Strategy 8* from the Under-Resourced Learners series, accompanies the book by the same title, and is a perfect fit for staff development, staff meetings or an in-house book study. Sometimes the school has insufficient resources to help all children. What then? Partnerships between school personnel, parents and community groups can be an effective way to address this issue. This DVD describes three models that are being used successfully in communities, including Collaboration For Kids and Move the Mountain's Circles™ Campaign. Dr Payne describes how schools can be successful by involving the larger community in a networked, linked system. You will find the narratives of these community collaborations to be inspiring.
