## Summary:

The Management Software for Assessing Levels of Comprehension includes the ability to produce printable parent reports. Input results from both Multiple Choice and Short Response assessments to view and compare your student's performance on one screen. This password-protected software automatically and painlessly generates individual and class reports based on all Teacher Guide Assessments, streamlining the entire process with an easy to use interface. Compatible with both Windows (Windows 2000, Windows XP and Windows Vista) and Macintosh (OSX 10.3.9 or higher), it's the perfect complement to the Assessing Levels of Comprehension Series, covering the entire ALC Series, from A to H.
