## Summary:

The Brigance Standardised Assessments Examiner's Book simplifies the process of evaluating with the Brigance Diagnostic Inventory of Early Development II. The Examiner's Book can be used to diagnose delays, disabilities, giftedness and other exceptionalities; produce age equivalents, percentiles and quotients; and assist in completing documents to support referrals if needed. The Examiner's Book streamlines the process of using the IED-II to assess and evaluate your subject. The included Self-help and Social-Emotional Scales provide a comprehensive, standardised measure which can be used to gain a broader picture and understanding of the subject's developmental level and, if needed, to derive standardised scores.
