## Summary:

Strategies to Achieve Reading Success (STARS) is the teaching section of a 5-step reading program that begins with diagnosis (CARS), helping you instruct your students to become stronger readers that perform at their true potential. New levels P and AA assist pre-reading students and lay the foundation for lifelong reading success, with an emphasis on building fundamental skills in six individually targetted reading strategies, using a step-by-step approach to achieve success and preparing students for later assessment in comprehension. Take the classroom and research-tested STARS Series to your earliest readers and guarantee them the best possible start in literacy instruction.
