

Focus: Determining Probability and Averages: Student Book A (Set of 5)

Author: Pamela Halloran

Date Available:	14 October 2009
ISBN:	978 1 74170 926 1
Code:	CA11220
RRP:	\$30
Format:	A4, 52 pp
Year Level:	Year one & two
Category:	Maths
Subject:	Probability

The Focus Series includes:

- Building Number Sense
- Using Estimation
- Using Algebra
- Using Geometry
- Determining Probability and Averages
- Interpreting Graphs and Charts

Summary:

Focus is a mathematics-strategy practice series. The series features six mathematics strategies each containing both a teacher guide and student workbook. Each student book in the series provides brief instruction and concentrated practice for students in one targeted mathematics strategy. The teacher guides provide instructions for using the student workbook effectively in the classroom. The guide enables teachers to explain mathematical theory to a whole class or individual student with sections for both student self-assessment and teacher assessment. Each guide contains mathematics strategy tips for the teacher, with tips for additional discussion related to understanding and using the mathematics strategy.
