

CAMS[®] Plus Series C Student Book (Set of 5)

Author(s): Curriculum Associates

Date Available: 18 November 2013
ISBN: 978 1 76001 004 1
Code/SKU: CA12625
RRP: \$29.95
Format/Page No.: A4, 62 pages
Age Group: 3–4
Topic: Activities & Exercises,
 Assessment
Learning Area: Maths

Summary:

Comprehensive Assessment of Mathematics Strategies is designed specifically to provide data for targeted instruction with the *STAMS[®] Plus Series*, and can be used to measure your students' progress in and mastery of 16 fundamental maths strategies.

Each *CAMS[®] Plus* student book is comprised of 16 pretests, 4 benchmark tests, 16 post tests and self-assessment forms for students to monitor their own progress. The pretest diagnoses each student's strengths and weaknesses, and guides their placement in the *STAMS[®] Plus Series*. The benchmarks and post tests are tools for the teacher to assess student mastery of the strategies throughout the instruction, and at the end of the year. The self-assessment forms encourage students to reflect on their learning, as well as to set goals for themselves.

CAMS[®] Plus level C is targeted at students in years 3 and 4, and assesses the following strategies:

Place value	More fact strategies	Model equivalent fractions	Plane figures
Add and subtract	Division concepts	Benchmark fractions	Length
Multiplication concepts	Fact families	Compare fractions	Perimeter
Fact strategies	Fraction concepts	Fractions greater than 1	Picture graphs and column graphs

Each lesson in the 2013 Australian edition of *CAMS[®] Plus*, *STAMS[®] Plus* and *Solve[®]* has been aligned with corresponding Australian Curriculum content descriptions.
