

STAMS[®] Plus Series G Student Book (Set of 5)

Author(s): Curriculum Associates

Date Available: 4 December 2013
ISBN: 978 1 76001 028 7
Code/SKU: CA12635
RRP: \$100.00
Format/Page No.: A4, 176 pages
Age Group: 7–8
Topic: Activities & Exercises
Learning Area: Maths
Supplemental Resource: Interactive Whiteboard lessons

Summary:

Strategies to Achieve Mathematics Success provides students with explicit instruction of 16 maths topics, which cover both concepts and skills, that have been identified as the most important instructional goals for each year level.

Each *STAMS[®] Plus* student book contains 16 highly scaffolded, five-part lessons. Each of these lessons helps students to become independent learners as they are moved through each of the five parts: modelled instruction, guided instruction, modelled practice, guided practice and independent practice. In this way, students are required to use increasing degrees of higher-level thinking to analyse and explain their answers as they move through practice problems that increase in difficulty, ultimately building student proficiency and confidence.

STAMS[®] Plus level G is targeted at students in years 7 and 8, and assesses the following strategies:

Understand integers	Solve linear equations	Rate proportions	Circles
Add and subtract integers	Equations with rational numbers	Percentage as a ratio	Cylinders
Multiply and divide integers	Proportional relationships	Percentage problems	Pie charts
Evaluate expressions	Solve proportions	Similarity	Theoretical probability

Each lesson in the 2013 Australian edition of *CAMS[®] Plus*, *STAMS[®] Plus* and *Solve[®]* has been aligned with corresponding Australian Curriculum content descriptions.

Supporting Resources:

- *CAMS[®] Plus Series G, Student Book (Set of 5)* (CA12629)
- *CAMS[®] Plus Series G, Teacher Guide* (CA126299)
- *STAMS[®] Plus Series G, Teacher Guide* (CA126359)
- *Solve[®] Series G, Student Book (Set of 5)* (CA13000)
- *Solve[®] Series G, Teacher Guide* (CA130009)
