Code: CA126899
RRP: \$25.95
Format: A4, 182 pages
Age Group: P-12
Learning Area: English
Category: Activities and Exercises

Summary:

Support students who struggle with reading comprehension due to weak phonemic awareness and decoding skills with *Phonics for Reading*. The books across the three levels of the series help build phonemic awareness, decoding and fluency skills to strengthen reading comprehension.

Assessment opportunities include:

- Placement Tests – Use for placing students within the program or to measure growth at the end of the program or school year.
- Checking Up – Ten activities throughout each level offer teacher and students a formal measure of skills.
- Fluency Assessment – Teacher Guides for Second and Third Level provide directions for using story passages to assess fluency and activities for building fluency.

Teacher Guides include: Information about the research base; Lesson objectives and scripting; Word lists; Answer keys; Reproducible IEPs/progress letters; Scope and sequence chart; Pre- and post-assessment tools; and downloadable resources containing all the reproducibles for classroom use. Lessons are carefully scripted for the teacher in the *Teacher Guide* for each level so that instruction is just as easy to deliver as it is to follow!

The First Level in the *Phonics for Reading* series focuses on short vowels; double consonants; consonant blends; and consonant digraphs.
