## Summary:

Support students who struggle with reading comprehension due to weak phonemic awareness and decoding skills with *Phonics for Reading*. The books across the three levels of the series help build phonemic awareness, decoding and fluency skills to strengthen reading comprehension.

Assessment opportunities include:

- Placement Tests – Use for placing students within the program or to measure growth at the end of the program or school year.
- Checking Up – Ten activities throughout each level offer teacher and students a formal measure of skills.
- Fluency Assessment – Teacher Guides for Second and Third Level provide directions for using story passages to assess fluency and activities for building fluency.

Teacher Guides include: Information about the research base; Lesson objectives and scripting; Word lists; Answer keys; Reproducible IEPs/progress letters; Scope and sequence chart; Pre- and post-assessment tools; and downloadable resources containing all the reproducibles for classroom use. Lessons are carefully scripted for the teacher in the *Teacher Guide* for each level so that instruction is just as easy to deliver as it is to follow!

The Second Level in the *Phonics for Reading* series progresses students' understanding by focusing on: long vowels; vowel combinations; CVCe words; word endings; and r-controlled vowel sounds.
