Age Group: Early Learning, P-2,
Professional Development
Topic: Gifted & Support
Learning Area: Cross-curricular

BRIGANCE 

Screen III
Data Sheets
Foundation
50-pack

When using the BRIGANCE Screens III as a non-summative assessment, the Foundation Core Assessments should be used for children from 3 years 0 months to 3 years 11 months of age, corresponding to the usual age for foundation, Year Prep, Reception, Kindergarten, etc. students.
To derive valid scores, it is important to administer all assessment items and to strictly adhere to the directions and scoring procedures provided. The scores can be used to detect children with potential developmental delays or disabilities and to identify those who may be gifted and academically talented.
For more information about the BRIGANCE Screens III, visit www.hbe.com.au or see the BRIGANCE Screens III Technical Manual.

DIRECTIONS FOR USE

- Do not use the data sheet set to pretest marking the forms herein.
- To ensure that these materials are distributed only to those who need them.
- After completing each data sheet, please do not return this book and distribute the information as appropriate.

Summary:

The new *Brigance Screens III* offer developmental screening of children from infancy to year one. The *Screens III* support the efforts of early childhood educators and others working with children to identify potential developmental delays, as well as giftedness, and inform instruction and monitor child progress.

This resource contains 50 copies of the data sheet required to record the results of the *Screens III* for Foundation Year (Prep, Reception Kindergarten, etc.), as well as a carbon paper copy for each data sheet to create a facsimile of the results for your records.
