Summary:

This Learner Record Book accompanies and correlates with the Brigance Diagnostic Employability Skills Inventory published by Hawker Brownlow Education. It is the easiest and clearest way available to track and record Employability Skills Inventory assessments administered, student responses, progress and instructional objectives. Each individual assessable item is listed, along with possible responses, and each section directly correlates to the page and item number in the Brigance Diagnostic Employability Skills Inventory itself. Space is also given, at the end of the book, for the recording of significant observations gleaned from the administration of the Brigance Diagnostic Employability Skills Inventory to students.
