# Brigance IED-II Standardised Scoring Conversion Software

Author: Albert H. Brigance

**Date Available:** 5 March 2007  
**ISBN:** 1 74101 758 0  
**Code:** CA7580  
**RRP:** \$29.95  
**Format:** CD  
**Age Range:** Birth to developmental age 7  
**Category:** Early childhood development  
**Subject:** Assessment

## Key Selling Points:

- Print out results for easy communication between assessors and parents
- Converts raw scores to find quotients and percentiles on standardised assessments
- For use with the Inventory of Early Development-II

## Summary:

Use this software to convert raw scores to quotients, percentiles, age equivalents and instructional ranges for the standardised portions of the IED II.

For Windows 98/2000/XP or Macintosh OS9/OSX.

The Inventory of Early Development-II is used in early childhood programs, preschools and day-care centres. In addition to helping identify "at risk" infants and preschoolers, the IED-II tracks development, assists with instructional planning and is useful for communicating with parents. Features of the Inventory of Early Development-II include: Social and Emotional Skill Section; Comprehensive Skill Sequences; and Updated References.

The Inventory of Early Development includes over 200 developmental, readiness and early academic skills assessments in 11 major skill areas: perambulatory motor skills and behaviours, gross-motor skills and behaviours, fine-motor skills and behaviours, self-help skills, speech and language skills, general knowledge and comprehension, social and emotional development, readiness, basic reading skills, manuscript writing and basic maths.
