Summary:

The challenges of the principalship are evolving, demanding a new skill set for leaders. In *Effective School Leadership: Developing Principals through Cognitive Coaching*, Ellison and Hayes set forth a practical guide to assist systems in responding to the critical need for leadership development. This practical guide offers a rationale for new ways of thinking about principal development. It includes a rich explanation of Cognitive Coaching principles. Model conversations offer authentic samples of principal coaching. The reader has the opportunity to explore the metacognition of a principal's coach. Action research and examples from systems are included as well as a set of guidelines for implementing a program of Cognitive Coaching of Principals.

Key selling points:

- A practical guide on how to use Cognitive Coaching as a means to support students, parents and teachers
- Features authentic samples of coaching and an explanation of Cognitive Coaching principles
- Includes a set of guidelines for implementing a program of Cognitive Coaching for Principals

Supporting resources:

- *Cognitive Coaching: A Foundation for Renaissance Schools* – CG0663
- *Cognitive Coaching: Weaving Threads of Learning and Change into the Culture of an Organization* – CG068X
