<b>RRP:</b>	\$50.00
<b>Format:</b>	A4, 262 pages
<b>Age Range:</b>	P-12
<b>Category:</b>	Professional Development
<b>Subject:</b>	Professional Development

**Summary:** Comprehensive yet concise, this guide for P-12 teachers and counsellors provides methods for teaching self-control and fostering positive relationships with troubled students, including case studies that match effective strategies with specific behaviours. In easy-to-understand language, the author presents current information on brain development and highlights factors that affect social and emotional decision making, as well as negative behaviours like impulsivity, defiance and violence. This invaluable handbook also features forms, worksheets, checklists, additional references and an expanded list of primary research sources to help teachers understand and readily apply research-based principles for classroom and behaviour management in their own classrooms.
