

Hawker Brownlow Education

Different Brains, Different Learners: How to Reach the Hard to Reach

Authors: Eric Jensen

Date Available:	15 March 2007
ISBN:	1 74170 102 3
Code:	CO1023
RRP:	\$55.95
Format:	A4, 190 pp
Age Range:	All Years
Category:	Professional development
Subject:	Brain-based learning, classroom practice

Key Selling Points:

- Comprehensive outline of common learning disorders
- Helpful sections on symptoms, causes, impact and what you can do
- Strategies for classroom inclusion of all learners

Summary:

This practical, comprehensive guide connects the latest brain research with strategies to help you identify and cope with the most common learning disorders occurring in today's classrooms. The author presents a concise outline for identifying the symptoms and causes of prevalent impairments such as oppositional disorder, attention deficit disorder, dyslexia, hyperactivity, depression, auditory processing deficits and many more.

Supporting Resources:
