RRP: \$32.95
Format/Page No.: B5, 130 pages
Age Group: P-12, Professional Development
Topic: Inquiry Learning, Leadership, PLC
Learning Area: Cross-curricular
Supplemental Resource: Download reproducible resources at go.hbe.com.au

Summary:

Collaborating for improved student outcomes makes sense. But beyond theory, do you know where to begin? How does a team gather, analyse, and then implement and evaluate learning objectives, while engaging students and meeting school agendas? Without directed guidance, it's easier said than done.

Based on the latest professional development research, *Collaborative Inquiry for Educators* deconstructs the collaborative inquiry process. This step-by-step guide gives facilitators tools to move teams toward purposeful, productive and poignant collaborative work, including

- A clear and concise four-stage model that provides a structure for facilitating successful collaborative inquiry
- Real-world examples from collaborative teams that model components of each stage
- Clear, direct and practitioner-focused tone with an emphasis on action over theory

Unlock your team's ability to work together to improve instruction and increase student achievement today!
