Summary:

All students—including those with special needs—can benefit from having options in how they access curricular information. The good news is that help is readily available on your tablets and Apple devices! With this unique and engaging all-in-one resource, you will gain a practical toolkit to empower all your students. Learn how to get the most from your iPad by using its built-in accessibility features in conjunction with Universal Design for Learning guidelines. In this book, you'll find:

- step-by-step instructions, tips, and practice activities
- discussion and reviews of more than 150 applications
- access to more than 20 video tutorials, through QR codes located throughout the book

An Apple Distinguished Educator and an expert in digital accessibility features for K–12 and higher education settings, Luis Pérez provides a real sense of what students with disabilities need to learn and to navigate their world more independently.
