RRP: \$32.95  
Format/Page No. B5, 190 pages  
Age Group: P-12  
Topic: Activities & Exercises  
Learning Area: Cross-curricular

## Summary:

Among thousands of emerging online learning resources, which are the most engaging and most useful? Few educators have time to find resources those that engage and allow students' creative expression, while aligning with curriculum standards. Steve Dembo and Adam Bellow, recognised innovative educators, take away the guesswork with *Untangling the Web*.

Discover 20 free websites and tools—flexible enough for foundation through to high school students—and learn how to leverage technology to transform classroom experiences. More than just a 'how-to' guide, you'll receive access to:

- a web site with videos for a richer, in-depth exploration
- an online community where you can connect and collaborate with other passionate educators
- advice, tips, tricks and bite-sized anecdotes from ed tech leaders

Add these 20 tools to your teaching tool kit and you'll energise student learning, foster collaboration, and infuse creativity into your classroom!
