## Key Selling Points:

- Easily reproducible ready-to-use classroom exercises
- Directions for modifying strategies for different year levels
- Clearly stated goals and outcomes for each strategy

## Summary:

Use these fun, easy-to-use activities to tackle the most challenging aspect of reading! 60 Strategies for Improving Reading Comprehension in Years P–8 provides teachers with a ready-to-use toolkit of tried-and-true learning strategies designed to actively engage students in cognitive processes, including predicting, visualising, making inferences, monitoring, synthesising and summarising. Developed as specific instructional procedures with clearly delineated steps for implementation, these entertaining activities are effective in all types of classrooms. Each of the 60 strategies in the book includes year-level recommendations, goals for each strategy, step-by-step instructions, graphics and examples of student work and directions for modifying strategies for different year levels.
