Subject:	Professional Development

Key Selling Points:

- Loaded with reproducible rubrics, templates and task cards
- Easily analyse and assess students' learning styles and needs
- Develop differentiated content, process and products

Summary:

Using the dynamic method of curriculum mapping, educators can document what is being taught, what students are learning, how well they are learning, and how closely the curriculum reflects local and national standards. This lively, easy-to-use resource is a cohesive and accessible guide to curriculum mapping and instructional planning for classrooms that support diverse learning styles and needs. This remarkable handbook provides everything teachers need to revitalise the relationship between standards-based curriculum and instruction, using real-life strategies that work!
