## Summary:

This second edition of *Blogs, Wikis, Podcasts, and Other Powerful Web Tools* shows educators of all levels how to utilise the potential of technology and digital tools for creating relevant, interactive learning in the classroom.

Containing updated research on web technology, a section on Internet safety and a greater emphasis on information literacy, this resource equips teachers with:

- Definitions, explanations and how-to's for using technology to enhance learning ladder
- Applications for blogs, wikis, podcasts, Real Simple Syndication (RSS) feeds, social bookmarking and online photo galleries
- Real-life examples from teachers of all ages from around the world.

When teachers expand their knowledge of Web tools to build 21st-century learning skills, they can effectively prepare students for future success.
