## Key Selling Points:

- Immensely readable, easily accessible collection covering all the relevant topics for professional practice
- Excellent resource for every school staffroom collection
- Insightful research-based strategies on multiple issues in teaching

## Summary:

This slipcase collection of 10 compact volumes offers a complete training curriculum for teachers covering all the required essentials for teacher induction, mentoring and support programs. The collection can be used for teacher certification and re-certification programs, as well as for fast-track alternative certification programs. Additional highlights embedded within each individual volume include assessment pre-tests and post-tests, resources and content about urban learners, making this training program ideal for preparing highly qualified teachers for today's challenging classrooms, particularly in urban areas. Volumes include: Diverse Learners; Student Motivation; Learning, Memory and the Brain; Instructional Planning; Effective Teaching Strategies; Classroom Management and Discipline; Student Assessment; Special Learners; Media and Technology; and The Profession and Politics of Teaching.

All ten volumes are also available separately.
