Summary:

In this thoroughly updated and revised version of her best-selling book, Elaine K McEwan guides educators through the challenging but crucial work of teaching every child how to read. This second edition features: the most up-to-date research in reading instruction; effective instructional practices and strategies; brief vignettes and graphic organisers that illustrate and summarise key concepts; a comprehensive case study of one school district's remarkable success. This resource reveals precisely how educators in successful schools are teaching students to read – and how all educators can achieve the same results in their schools!
