### Summary:

Brain-Compatible Activities for Mathematics, Years 4-5 provides ready-to-use, brain-friendly lessons for mathematics instruction. Each step-by-step lesson includes detailed instructions for the teacher, maths activities, and all the necessary reproducibles. Through activities like Scuba Division and Parachute Drop, intermediate learners will enjoy developing skills connected with multiplication and division, fractions and decimals, geometry and measurement, algebra, data analysis, and more. This resource uses concrete models to make concepts meaningful, incorporates graphic organisers to help students organise their thinking and teaches creative problem solving. Deepen and revitalise instruction using Sousa's proven brain-compatible approach for helping every child develop self-confidence in mathematics.
