### Summary:

Building Classroom Reading Communities presents a successful approach to motivating students as individual readers. By using Retrospective Miscue Analysis (RMA) and Socratic Circles together, teachers can create a sense of community in the classroom and promote achievement for every student. This book offers assessment strategies and step-by-step guidance for implementing RMA and Socratic Circles; insights into improving student skills in vocabulary, language structure, comprehension; flexible, adaptable techniques for readers of all abilities; numerous vignettes showing the use of RMA with Socratic Circles in the classroom. Discover a fresh approach to teaching literacy that is well-grounded in theory and practice!
