Teaching and Learning with Digital Photography

Authors: Linda Good

Date Available:	1 September 2008
ISBN:	1 74170 448 0
Code:	CO4480
RRP:	\$46.95
Format:	180x255, 244 pages
Age Range:	Early Childhood, Pre-K/P-3
Category:	Primary Hands On Resources
Subject:	Computer Software, Technology

Summary:

Written for early childhood educators, this comprehensive guide offers practical, theory-based ideas for using digital photos to achieve effective classroom management, nurture language and literacy skills and promote self-esteem in all students. A hands-on resource, this book helps educators: Learn the basics about software, hardware and photography; Integrate photos into PowerPoint presentations and assessment portfolios; Use digital photography effectively across the curriculum; and Communicate with administrators and parents through practical applications of technology.

The book comes with a CD-ROM containing more than 40 user-friendly forms and templates, helping busy educators quickly and easily implement the strategies presented in the book.
