Summary

Commitment to improving student outcomes is a natural part of being a teacher. So when you bring your experience, skills and questions to a professional learning community, you help shape the future of the team – and that makes all the difference for your students.

Unlike other PLC resources, this book isn't just for leaders – it's designed to help every member of the team be a driving force for success. With it, you'll work together to

- give voice to important issues and dilemmas
- decide where to focus your work
- develop and implement a plan for gaining insight into your area of focus
- take action based on individual and collective learning
- share results with others outside the PLC.

Successful PLCs buzz with a collaborative energy that comes from the engagement of teachers. With this guide, you'll make the most of your collaborations.
