Summary:

In today's highly diverse classrooms, differentiated instruction enables teachers to plan strategically so they can meet the individual needs of all their students. Now this unique resource makes the challenge of reaching all learners easier by providing teachers with a wide array of practical activities for the differentiated classroom. Teachers can adjust learning based on individual students' knowledge, skills, experience, preferences and needs by using tested, research-based strategies such as choice boards, cubing, graphic organisers, learning centres, problem-based learning and cooperative learning.
