Summary:

Today's students live in an increasingly visual world where they are engaged not only by words, but also by images. This collection of innovative articles shows teachers and literacy specialists how to use students' interest in picture books, comics, graphic novels, film, anime and other visual media to motivate and engage readers in years P-12. Teaching Visual Literacy offers background information, research, practical ideas and sample lessons to help educators. Visual literacy is an integral part of literacy development, and this much-needed guide helps teachers engage students as critical readers and prepare them for living in the twenty-first century.

This book includes:

- Visual aids such as diagrams and tables
- Sample cartoons
- Lists of recommended resources
