Age Range:	High School, Years 7–12
Category:	ICT, Social Studies
Subject:	Social Studies, Computer Software, History, ICT, Professional Development

Summary:

This unique guide presents practical strategies for using WebQuests: inquiry-oriented, collaborative student activities that use web-based information for solving problems through focused analysis, synthesis and evaluation. Aligned with the International Society for Technology in Education (ISTE) standards, this comprehensive resource includes: Real stories portraying culturally diverse classrooms; Comprehensive examples of culturally responsive WebQuests; and Guidelines, tips and step-by-step instructions for developing WebQuests in teaching. Reflective exercises throughout make this guide an ideal professional development resource for teachers interested in learning more about culturally responsive social studies and technologically enhanced instruction.
