Summary:

Well-known technology specialist and consultant Susan Brooks-Young emphasises that incorporating effective, regular use of technology as a tool for teaching and learning is imperative if we want to "stay in the game". In this new book, Brooks-Young gathers her most popular and insightful work into a collection of practical technology strategies for issues most critical to busy school leaders. The book is organised into the following four sections, each focusing on a different aspect of technology leadership. School leaders will find detailed and concise information, extensive resources and reflective questions for personal use or group discussion. This comprehensive, straightforward guide provides all the tools needed for effective technology leadership.
